Louise-

LeAnn misinformed me then (or I misunderstood). Sorry.

John and I just relayed to Kurt that I had had these conversations. Very much to his credit, Kurt said that LeAnn and her client can/should direct future calls about the timing of FR publication to the Office of Federal Register if they wish.

I think you and I are done with this phase until we hear from OFR about an exact publication date, at which point we can let her know the date (assuming we are told).

Rett,

FYI, I did not suggest that LeAnn call you; in fact, I specifically told her that I would check with you (which I did) and get back to her (ditto).

I guess sometimes folks just need to "hear it from the top." ☺

Thanks, Chris. I just updated Perkins Coie counsel. She was pleased to hear the news, but wondered if there was anything that could be done (by anyone) to expedite publication. I told her that I had no idea, but would check.

Thoughts?

Thanks.

The final rule has been forwarded to OFR for publication. I will let you know as soon as I find out a firm publication date (my guess is that it will publish around Thanksgiving).

Yes. We'll let you know when it's been sent to OFR for and also when it will publish. OFR will send us an email a couple days prior to publication. We've heard that there's a backlog at OFR for publication so it may be longer than that 2-3 week timeframe for publication that I said is the usual.

Can you please let me know when the package has been sent to the Office of Federal Register for publication?

Thanks.

My guess is 2-3 weeks. Depending on how much is going on at OFR, possibly longer.

Doug,

Thanks for passing along the news. Do we have any idea when this might get published in the Fed. Reg.?

Thanks.

Subject: Federal Register for Kurt's Signature (OH Nuisance Removal SIP)

Hello,

Below are links for the Ohio Nuisance Rule Removal SIP revision.

[Division Director Memo](#)
[Federal Register](#)

Priority: High
Deadline: ASAP
Reason: Publication of this final action is a regional priority.

The Office of Federal Register has a few requirements for digital signatures.

- The notice must be signed using the “Invisible Digital Signature” method. The attached document explains this process in detail.
- The signature block of the notice must match the digital signature (so if Cheryl is signing for Kurt, the signature block will have to be adjusted).
- The date of signature must be typed in on the date line in the notice before it can be signed. (Ideally like this example - Date: March 24, 2020.)
- No edits can be made after signature.

Please note that the document will not apply a signature if a reviewer other than the signer has the document open. After the notice is signed, please notify Chris Panos so he can forward the document to the Office of Federal Register. Please let me know if you have any questions.

Thank you,
Sarah Arra
